FAMAS by LIGHT VENTURES INDUSTRIES LIMITED

BETTER HEALTH. BETTER YIELDS. BETTER FUTURE.
SINCE 1997

JOTO

# FAMAS Joto

Helps cows achieve and maintain heat, for timely breeding.

### PACK SIZES (PACKET)

1 kg | 2 kg | 5 kg

### BENEFITS

01 Enhances heat detection and estrus behaviour

02 Improves reproductive performance

03 Boosts overall herd fertility

04 Supports a balanced nutritional profile for reproductive health

### ABOUT FAMAS JOTO

FAMAS Joto is specifically developed to support reproductive efficiency by helping cows achieve and maintain heat. This unique blend of nutrients stimulates natural heat cycles and enhances estrus behaviour, ensuring timely and effective breeding. By combining essential vitamins, minerals, and reproductive stimulants, FAMAS Joto plays a vital role in enhancing fertility and overall herd productivity, making it a key addition to your reproductive management programme.

### HOW TO USE

Mix the recommended dosage into the daily feed as advised by a veterinarian. Observe the herd closely to monitor improvements in heat detection and reproductive behaviour.

**Ask for FAMAS at any Agrovet near you**

Bulk orders delivered to shops, farms and dairy cooperatives.

Use at the recommended dosage, as directed by a veterinarian or animal nutritionist.
