FAMAS Milking Salve

A teat-care jelly that soothes and protects teats during and after milking.

PACK SIZES (TUB)

50 g | 100 g | 250 g | 500 g | 1 kg

BENEFITS

01 Soothes and hydrates irritated teat skin

02 Prevents chapping, cracking, and infections

03 Enhances teat recovery and reduces mastitis risk

04 Improves udder health and milking comfort

ABOUT FAMAS MILKING SALVE

FAMAS Milking Salve is a premium teat care jelly developed to provide a protective barrier against friction and environmental irritants during milking. Its hydrating and nourishing formula helps to prevent chapping, cracking, and infections, ensuring that teat skin remains supple and healthy. By promoting rapid recovery and reducing the risk of mastitis, this salve contributes to overall udder health and improved milking comfort, making it an essential component of any dairy management routine.

HOW TO USE

Apply a thin, even layer of FAMAS Milking Salve to thoroughly cleaned and dried cow teats immediately after milking, or as recommended by your dairy routine. Ensure proper hygiene before application to maximise effectiveness.
